WHITE LABEL · 20% VITAMIN C · WATER-FREE CREAM · 100 mL

ANHYDRA-C CREAM.

YOUR BRAND. OUR FORMULA.

A ready-to-launch vitamin C cream sold under your brand: we put your logo and label on every bottle. Unlike many water-based vitamin C serums, ANHYDRA-C Cream delivers 20% pure ascorbic acid in a water-free moisturizing cream base. This advanced format helps support antioxidant protection, visible radiance, a more even-looking tone, and a smoother, more comfortable skin feel.

Sample label shown. Your bottle carries your brand, logo and colors.

WHY ANHYDRA-C IS DIFFERENT

20% PURE VITAMIN C. ZERO WATER. PATENT PENDING.

Keeping pure vitamin C stable has long been one of skin care's toughest formulation challenges. Dr. Joe developed ANHYDRA-C's patent-pending, water-free formula to meet it.

01	**HIGH-POTENCY VITAMIN C**	Formulated with 20% ascorbic acid to help brighten the look of skin, support antioxidant defense, help skin look firmer, and improve the appearance of uneven tone.
02	**ANHYDROUS FORMAT**	The water-free formula is designed to help protect the stability of pure vitamin C, which can be more vulnerable to oxidation in water-based products.

WHO IT'S FOR Anyone looking to visibly brighten dull skin, improve the appearance of uneven tone, and support a smoother, more refined-looking complexion.

- **YOUNGER-LOOKING** — Helps reduce the visible look of aging.
- **FIRMER-LOOKING** — Firmer, smoother, healthier-looking skin.
- **BRIGHTER & EVEN** — Visibly brighter, more even-looking tone.
- **ANTIOXIDANT SUPPORT** — Helps defend against visible signs of stress.
- **MOISTURIZED** — Comfortable, refined skin feel.

HOW WHITE LABEL WORKS

01 Choose ANHYDRA-C Cream.

02 Send your logo and label artwork.

03 We manufacture, fill and label it under your brand.

MINIMUM ORDER
1,000 UNITS

KEY INGREDIENTS

01 **20% NATURAL ASCORBIC ACID**
A high-strength form of vitamin C chosen to help brighten skin, support antioxidant protection, and improve the look of uneven tone.

02 **MSM**
A skin-conditioning ingredient that helps promote a soft, smooth feel while complementing the cream's moisturizing base.

Together, these ingredients create a high-strength, water-free vitamin C cream designed to support visible radiance, long-lasting comfort, and a more even-looking complexion with continued use.
