YOUR BRAND ON THE LABEL

Sample label shown. Your bottle carries your brand, logo and colors.

THE FORMULA

CELLULAR ENERGY.

01	METHYLCOBALAMIN	Easy for the body to use. Methylcobalamin is the only biologically active form of vitamin B12 that the body uses directly, without modification. Other forms are not immediately available and must be converted by the liver. It is the single form of B12 used by the nervous system.
02	KREBS CYCLE	Based on the Krebs cycle, how the body makes energy at the cellular level, B12 Shot may help the body efficiently release the energy from food. Designed to enable the body to convert fats and carbohydrates into abundant energy efficiently.
03	PROPRIETARY BLEND	This patented, proprietary blend synergistically balances B vitamins, nutrients, and super-antioxidants, including Coenzyme Q10 and L-carnitine.
04	CALM ENERGY	Designed for a smooth, pleasant increase in physical and mental energy, with a calming effect on the nervous system. B12 Shot may help improve the body's overall health.
